

LETTER FROM THE MANAGER

Hello Members –

I wanted to say that August has hit us kind of the way 2020 has! With a bang!

The car going through the fence was quite the event and I am sure not exactly the kind of excitement we would like to see happen in our Moorage. But due to our wonderful members and our awesome Maintenance we have a temporary fix and I am in contact with the fence company. Hopefully we will get this repaired quickly.

I wanted to give you an update to the Fire Marshall inspection. Things went extremely well and Rob and I have completed everything except the property map. The confusion with the 24 inch walkways on both sides has been resolved. It will still stand that homes older than 2008 only needs one side to be free and clear of debris.

The Board and I are working diligently to assess the violators as we find them. During a pandemic has made some efforts a bit more challenging. But we are working towards solutions as well and feel that we need to remind members of the rules and regulations that need to be upheld.

I also wanted to speak to the fact of me not being in the office as this is a subject near and dear to my heart. I am not sure if you have figured out yet that I am a huge people person and I am most happiest when I am able to be amongst the crowd. This pandemic has been extremely hard for me and I know it has many of you as well. I would love nothing more than to be in the office and to be able to see all of your wonderful faces. But due to the most recent cancer battle and stem cell transplant that I had prior to coming to JBMI, by Doctors orders, I am unable to even chance working in the office. Rob currently works Monday through Thursday so I come to the office on Friday. My Doctor will continue to evaluate me every three months to determine when it will be safe for me to return to the office. I honestly feel like I am being robbed of the ability to immerse myself into the community the way I would like to as well as enjoy the river at this time of year. But I live vicariously through the photos on Facebook and the beautiful sunsets posted so keep the pictures coming! Thank you all for your patience through this!

Lastly, I truly believe in my heart that Jantzen Beach Moorage is a beautiful community with a lot of different personalities and that is what makes us unique. I think that each and everyone of the members are special. I love how when it is needed the community bands together and can see the common goal.

The board that is currently working for you now has a vision that I believe you all have and so do I. Thank you for entrusting us to get it done!

See you in September! <3

Diana Rider

Moorage Manager
