

**JANTZEN BEACH MOORAGE, INC.
MARINA BEST MANAGEMENT PRACTICES**

ENGINES AND BILGES

- Use absorbent bilge pads or socks to soak up oil and fuel
- Recycle and/or dispose of petroleum products properly
- Do Not discharge bilge water if there is a sheen to it
- Do Not dispose of any fuels or used oil in the marina's dumpsters
- Contact the Moorage office for the nearest oil recycling locations

PAINTING AND VARNISHING

- It is prohibited to do any in-water hull scraping or any process that occurs underwater which removes paint from the boat hull.
- Limit the amount of open solvents or paints on dock to one gallon or less
- Always use a drip pan and/or drop cloth (tarp) when painting
- Spray painting is not allowed within the marina
- Do Not dispose of paints or solvents in the marina's dumpster

SURFACE PREPARATION

- Use biodegradable, non-toxic, phosphate free cleaners and/or soaps
- Liberally use tarps to capture all scrapings, debris and drips or use a vacuum sander
- Stretch tarps between the side of the boat and the dock when working over the water

SEWAGE

- Untreated sewage should never be discharged directly overboard
- Ensure Marine Sanitation Devices (MSD's) Type I and II systems are working properly and discharge the treated waste only when your boat is underway (in coastal waters and rivers navigable from the ocean). Do not discharge any MSD while moored in the marina
- Type III MSD's are NOT treatment systems; they are only holding tanks and are always required to use pump-out stations.
- Use shore-side facilities as often as possible

SOLID WASTE DISPOSAL

- Pets must remain on a leash at all times and immediately pick up after your pet and dispose of the waste in a garbage receptacle
- All solid fish waste must be disposed of into garbage receptacles as it is illegal to dispose of fish carcasses in Oregon waterways
- Dispose of all garbage in the proper shore-side receptacles
- Recycle all plastics, newspapers, cardboard and aluminum in appropriate receptacles

MOORED BOAT CONDITION

- Boats shall be kept at all times in a seaworthy condition and not constitute a fire hazard, or present a reasonable risk of sinking. Marina staff can inspect boats at any time to determine compliance
- All state and federal registration/documentation shall be kept current at all times and the required registration decals will be visible and placed in their correct locations
- Boats not meeting these conditions can be removed from the marina at the owners expense

Thank you for helping us to protect the environment and keep a clean and enjoyable facility!
