

JBMI BEACH MOORAGE, INC.

2018

Candidate Statement

Candidate Name: Jodie Newell

Certificate Number: 1785

Position of Interest: Director – 3yr

1. What do you see your duty as a Director or Officer?

I see the duty of the Director as a voice for our community. The director/officer should have an unbiased opinion and listen to the concerns and ideas of our neighbors. That way we can bring that information to the Board. The Director is also responsible for making sure that the Rules and Regulations are carried out and enforced fairly and equally.

2. What experience and qualifications can you bring to this position?

I have over 12+ years of working with difficult situations and I have a unique way to think outside of the box to be able to come up with solutions that would benefit all parties that are involved. I have also helped in creating process and procedures to make things run smoothly on a day to day basis.

3. How have you been involved and what have you contributed to JBMI.

I was a Ramp Captain for K Row and last summer I carried out Honey pot testing for several houses in the moorage.

4. How long have you lived in the moorage?

My husband and I have lived in the moorage for 4 years

5. Comments: I believe that what we need is to come together as a community as a whole. We all need to take a look at our past and learn from it. We should have an understanding at what has worked for our community /moorage. We should also make sure we continue to create it a stable and successful community for all that make up our community. I also think we need to visit what isn't working within the community and find ways to improve all aspects. We all want the same thing, to move forward and make our moorage the best that it can be.
