

JBMI BEACH MOORAGE, INC.

2025 Candidate Statement

Candidate Name: Jennifer Hebbeler

Certificate Number: 1999

Position of Interest: Treasurer

My name is Jennifer Hebbeler, and I've lived here at JBMI for four years. Some of you may already know me based on my volunteer work in the office or with some of the other support committees. I have also assisted several of you with correcting your AppFolio accounts and I have provided regular assistance to our Office Manager.

I have lived here in Portland for forty-five years, and I am currently employed full-time as a wildland firefighter for the Department of the Interior. My career background has been mostly centered on Accounting, Finance and Budget, and I am a frequent user of the QuickBooks program.

My only caveat in taking this position is that I am an active wildland firefighter, and I am regularly deployed to fire assignments, particularly during the summer months. However, I'm no stranger to working remotely, and I can assure the members that I will be able to complete any tasks assigned to me, even if I'm not here in person at the moorage. I only ask for your patience in receiving a response from me when I am deployed.

In conclusion, I am passionate about supporting this community, and I wish to continue my efforts to support our members by being your JBMI Treasurer.

Thank you for your consideration.

Jennifer Hebbeler
